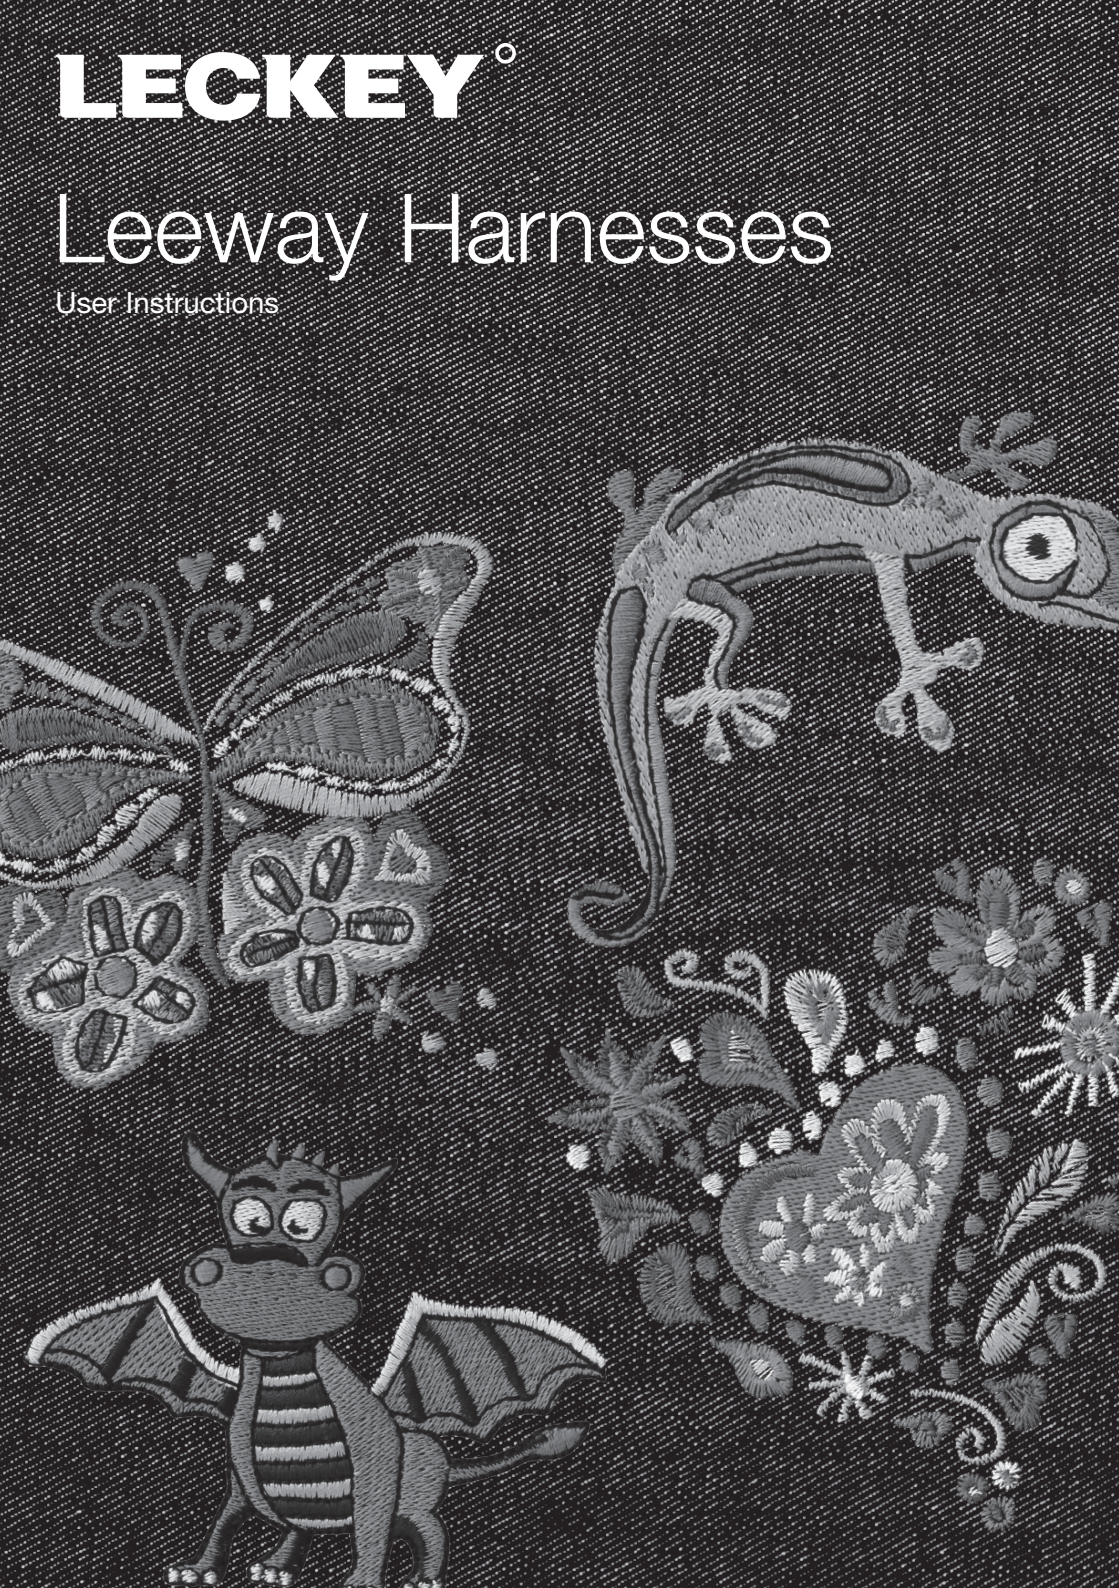
LECKEY

Leeway Harnesses

User Instructions



Butterfly Style
Reassuringly secure, the Butterfly Style harness offers strong support in a choice of four funky, reversible designs.

H-Style
Providing subtle support and comfort, the H-Style harness allows the opportunity to explore more, and features a handy quick release buckle.

Heart, Gecko, Butterfly or Dragon? Choose from a range of trendy, playful designs and enjoy a reassuringly supportive fit with the colourful Leeway range.

Designed to integrate with a range of Leckey seating and mobility solutions, as well as others, the Leeway Harnesses are versatile and easy to attach, allowing children, young adults and their families to explore more together.

With reinforced colour coded webbing, Leeway Harnesses are available in two supportive styles, three sizes and four bright, funky designs. An innovative yet functional water repellent, wipe clean denim finish provides durable quality performance.

14 Technical Information

1. Intended Use
Leeway Harnesses are a range of versatile and easy to attach harnesses designed to integrate with a range of Leckey seating and mobility solutions, as well as others, to allow children, young adults and their families to explore more together.
With reinforced colour coded webbing, Leeway Harnesses are available in two supportive styles, three sizes and four bright, funky designs. An innovative yet functional water repellent, wipe clean denim finish provides durable quality performance.

2. Declaration of Conformity
James Leckey Design Ltd. as manufacturer with sole responsibility declares that Leeway conforms to the requirements of the 93/42/EEC Guidelines and EN12182 Technical aids for disabled persons. General requirements and test methods.

3. Terms of Warranty
The warranty applies only when the product is used according to the specified conditions and for the intended purposes, following all manufacturers' recommendations (also see general terms of sales, delivery and payment). A two year warranty is provided on all Leckey manufactured products and components.

4. Product History Record
Your Leckey product is classified as a Class 1 Medical device and as such should only be prescribed, set up or reissued for use by a technically competent person who has been trained in the use of this product. Leckey recommend that a written record is maintained to provide details of all setups, reissue inspections and annual inspections of this product.

5. Product Training Record (Clients & Carers)
Your Leckey product is a prescribed Class 1 Medical Device and as such Leckey recommend that clients and carers using the equipment should be made aware of the following sections of this user manual by a technically competent person.

6 Safety Information

⚠
6.1 This Leeway Harness is designed for postural positioning and should not be used as the sole means of securing the user to the vehicle during transportation, nor as a method of restraint.

⚠
6.2 Leeway Harnesses should be installed and fitted by a technically competent person.

⚠
6.3 Always read instructions fully before use.

⚠
6.4 Failure to follow instructions may put the user or carer at risk. Modifying the product in any other way will invalidate the warranty.

⚠
6.5 If in any doubt to the continued safe use of your product or if any parts should fail, please cease using the product and contact our customer services department or local dealer as soon as possible.

⚠
6.6 The product contains components which could present a choking hazard to small children. Always check that locking knobs and bolts within the child's reach are tightened and secure at all times.

⚠
6.7 Leckey products comply with fire safety regulations in accordance with EN12182. However the product contains plastic components and therefore should be kept away from all direct sources of heat including naked flames, cigarettes, electric and gas heaters.

⚠
6.8 Clean the product regularly. Do not use abrasive cleaners. Carry out maintenance checks on a regular basis to ensure your product is in good working condition.

How to unpack and assemble

Congratulations on purchasing your Leeway Harness. Please remove the harness from the packaging. The following fitting instructions are only a guideline, as seating systems can vary according to the manufacturer.

Fitting the Leeway Harness
With your Leeway Harness you will receive two adjustable side straps, two adjustable shoulder straps, four camlock attachment clips, two countersunk bolts, and four locking nuts.

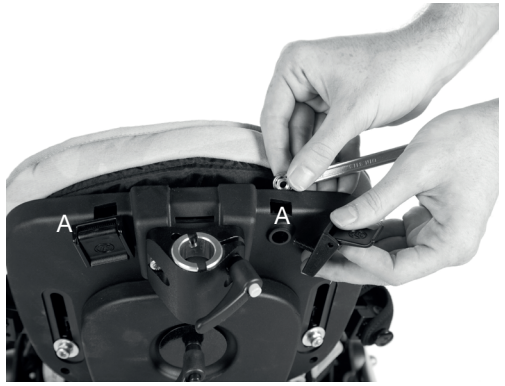
Fix the camlock attachment clips (a) two at the top and two at the bottom using a spanner and a multi tool.

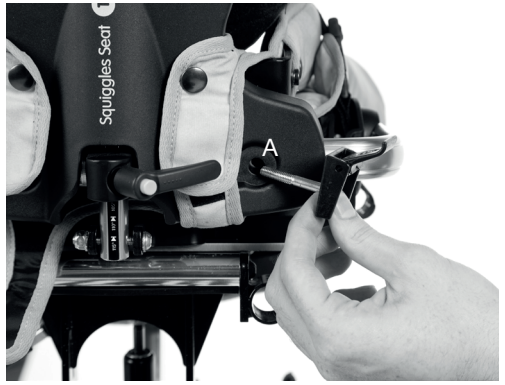
Slide each of the four straps through each of the camlock brackets and secure by pushing down on the bracket (b).

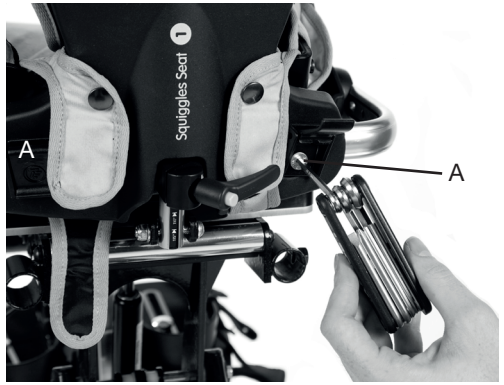
Then connect the shoulder straps (c) into the two clips at the top and two at the side.

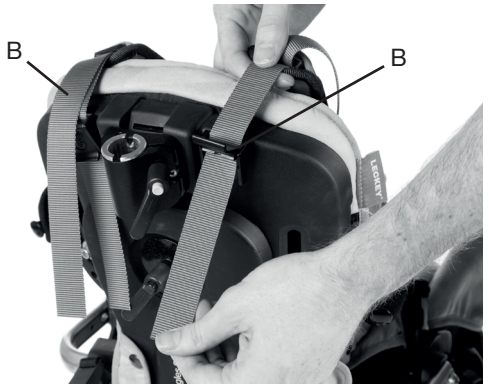
7

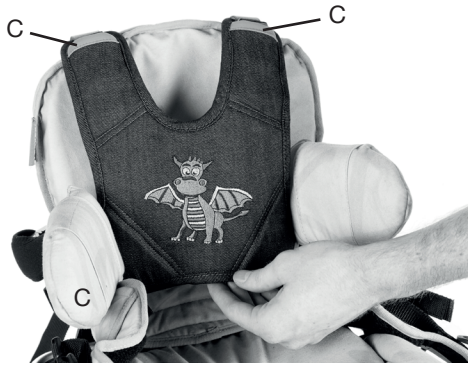
7.1 Squiggles Seat (Size 1)



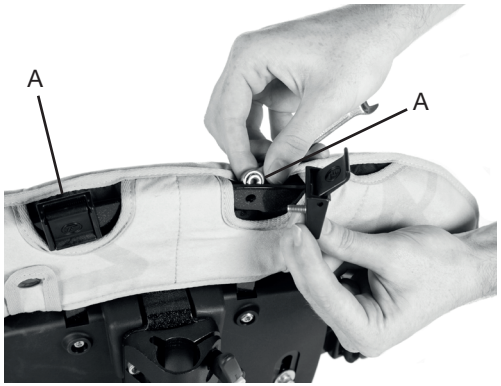


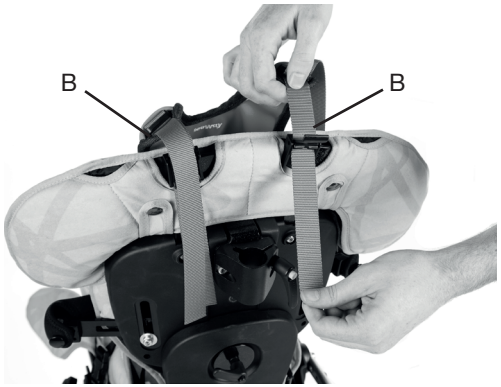




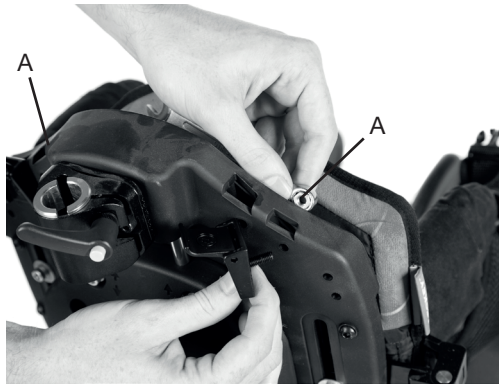


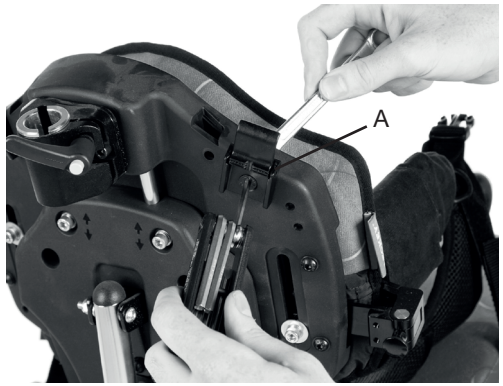
7.2 Squiggles Seat (with added shoulder support)

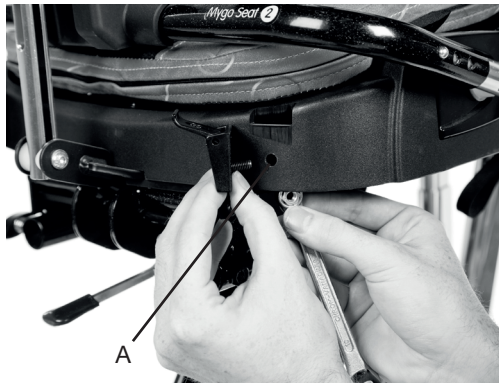


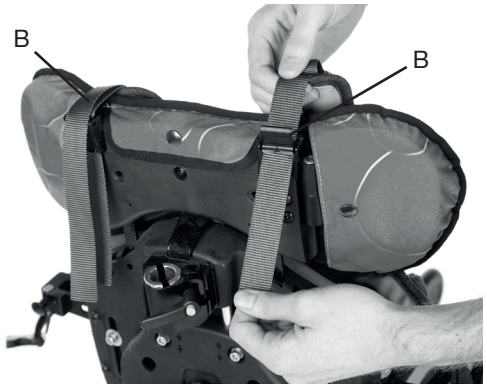


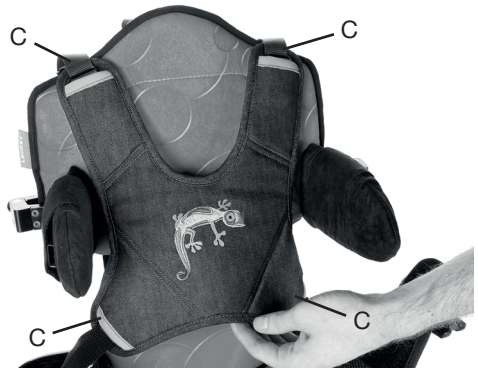
7.3 Mygo Seat (Size 1)



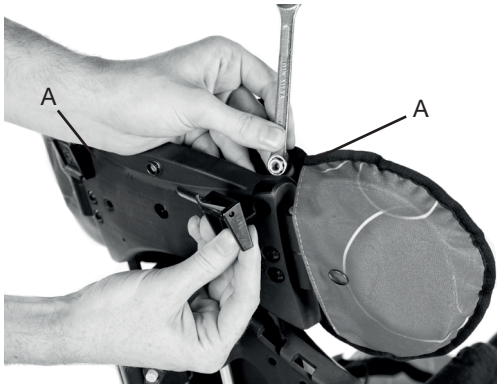


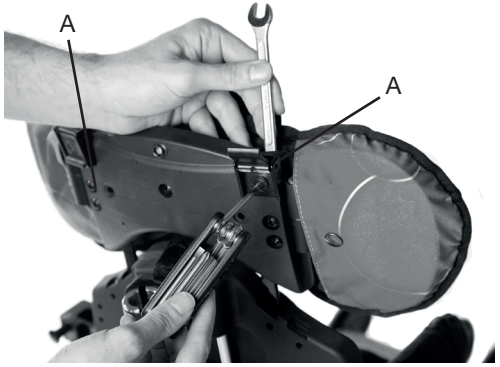


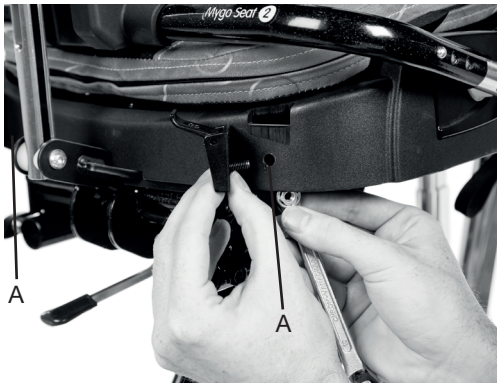


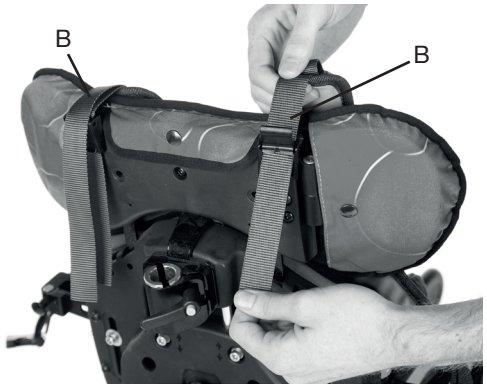


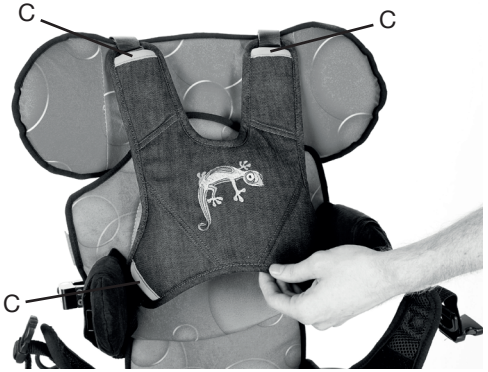
7.4 Mygo Seat (Size 2)



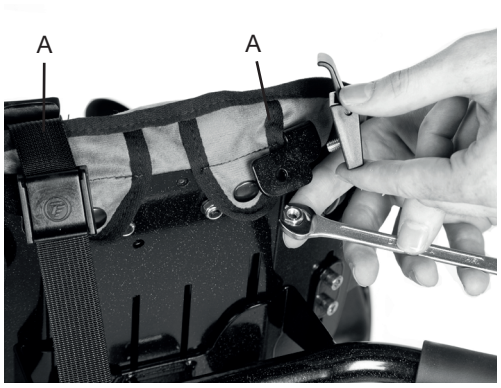


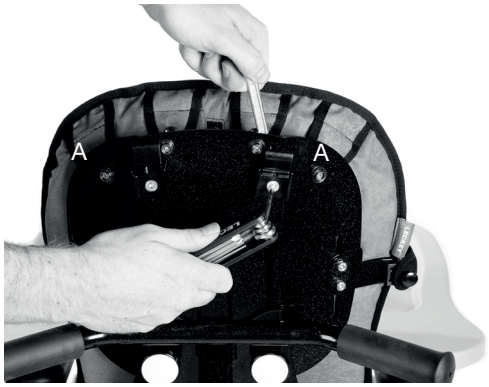


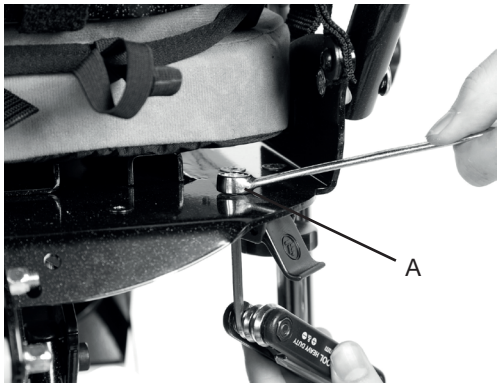


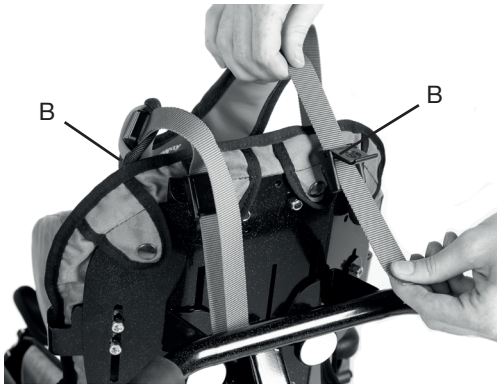


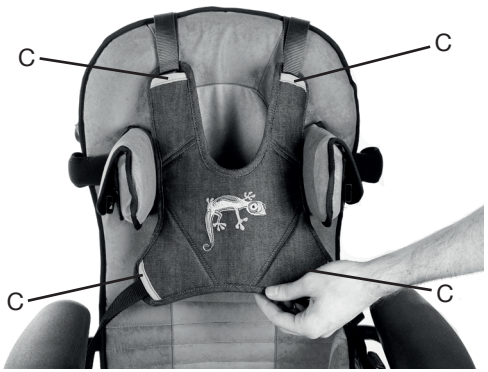
7.5 Everyday Seat (Size 1)



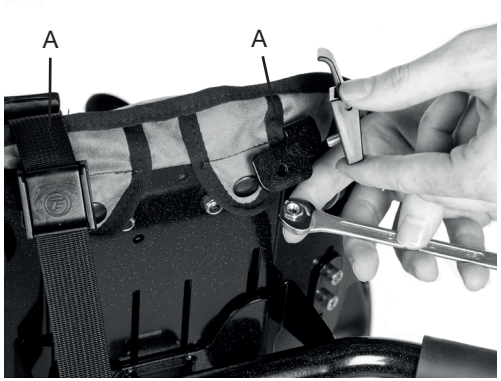


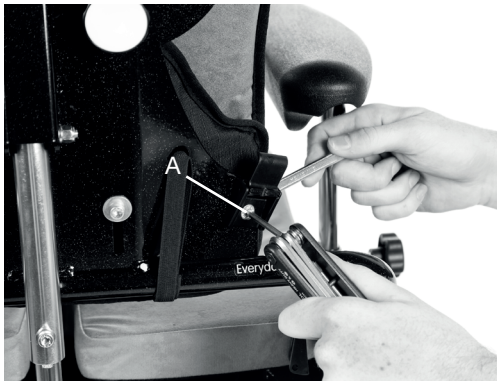


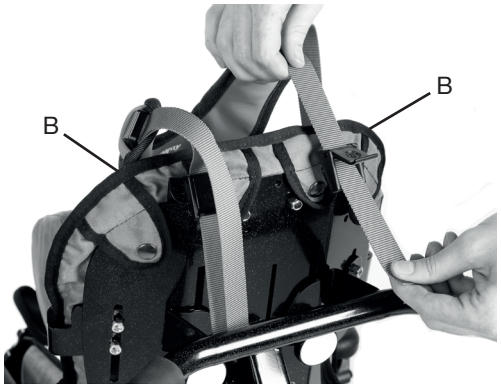




7.6 Everyday Seat (Size 2)

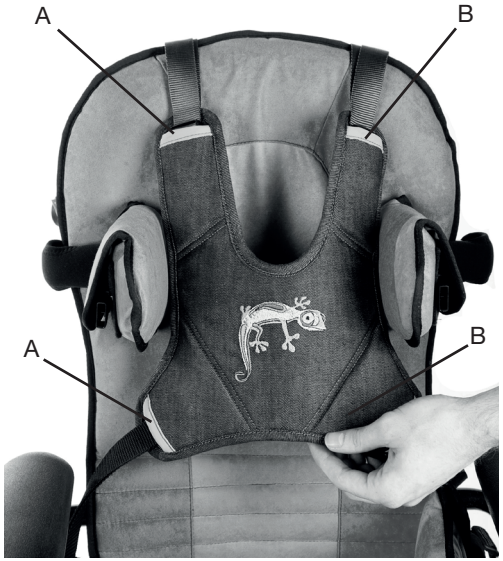


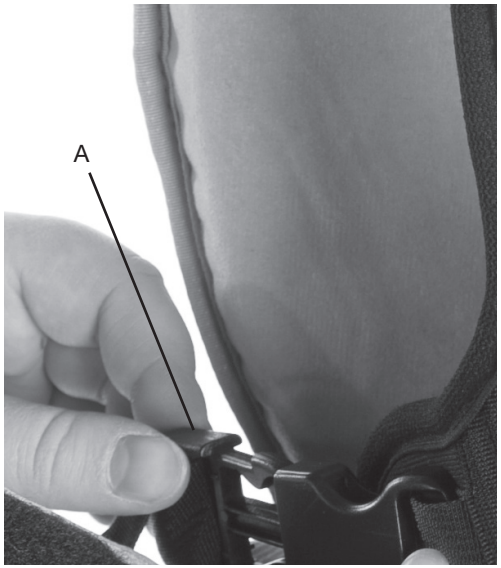




8 Clinical Setup

The trunk harness will be open but remain attached by the clip (a). When placing the child in the seating system bring the trunk harness across the front and attach by connecting the clip into the buckles on the other side (b). All of the connecting straps are adjustable by releasing the camlock, adjusting to the desired position and then securing the camlock.





9 Cleaning & Care Information

How to Maintain
When washing your denim Leeway Harness for the first time, keep it separate from other clothing items to avoid the natural process of indigo bleeding.

This is an inherent quality of denim and only adds to its unique charm.

Upholstery and fabrics
1. Before placing upholstery in to the washing machine, remove any straps, buckles and fastenings that are detachable. Store these in a safe place and out of reach of children. Machine wash at 40°C.

2. Staining should be removed as quickly as possible with absorbent cloth, towels or a sponge. Routine soap and warm water sponging is effective for ordinary soiling and minor spills. Be careful not to saturate the fabric as this will cause the stain to spread.

3. Antiseptic cleaning agents can be used on more stubborn stains. These may require a safe solvent such as Isopropyl Alcohol or Mineral Spirit. Ensure that cleaning products are fully removed.

4. Do not bleach the product.

5. While line drying is recommended, the Leeway Harnesses can be tumble dried at a low temperature.

6. You can use a warm iron on the Leeway Harnesses.

7. Do not dry clean the Leeway Harnesses.

10 Daily Product Inspection

(Therapists, Parents & Carers)
We recommend that daily visual checks of the equipment are carried out by therapists, carers or parents to ensure the product is safe for use. The recommend daily checks are detailed below.

1. Check all upholstery for signs of wear and tear.

⚠
If in any doubt to the continued safe use of your Leckey product or if any parts should fail, please cease using the product and contact our customer services department or your local dealer as soon as possible.

11 Annual Product Inspection

(Therapist, Technician, Leckey Product Advisor, Dealer)
Leckey recommend that each product should be subject to a detailed inspection at least once a year and every time the product is reissued for use. This inspection should be carried out by a technically competent person who has been trained in the use of the product and should include the following checks as a minimum requirement.

1. Check all plastic buckles are in place and replace any missing items.

12 Re-issuing Leckey Products

Most Leckey products are assessed and ordered to meet the needs of an individual user. Before reissuing a product we recommend that the therapist prescribing the product has carried out an equipment compatibility check for the new user and has ensured that the product being re-issued contains no modifications or special attachments.

A detailed technical inspection should be carried out on the product prior to re-issuing. This should be carried out by a technically competent person who has been trained in the use and inspection of the product. Please refer to section 11 for the required checks to be carried out.

Ensure the product has been cleaned thoroughly in accordance with section 9 of this manual.

Ensure a copy of the user manual is supplied with the product. A copy can be downloaded from our website www.leckey.com.

Leckey recommend that a written record is maintained of all product inspections carried out during the reissue of the product.

If in any doubt to the continued safe use of your Leckey product or if any parts should fail, please cease using the product and contact our customer service department or your local dealer as soon as possible.

13 Product Servicing

Servicing of all Leckey products should only be carried out by technically competent persons who have been trained in the use of the product.

In the UK & ROI please contact the Leckey Service Centre on UK 0800 318265 or ROI 1800 626020 and our customer service department will be delighted to assist you with your servicing requirements.
